RE: Conditional Use Permit for Mining and Rock Crushing

Dear Mr. Butler:

On November 3, 2004, the Duchesne County Planning Commission met to consider your request for a Conditional Use Permit to locate a mining and rock crushing operation within Phase One of the Silver Moon Ranch Subdivision, located southeast of Duchesne.

After testimony and discussion, the Planning Commission voted unanimously to adopt findings approving the Conditional Use Permit, subject to the following conditions:

1. Applicants shall take action as necessary to prevent dust from becoming a nuisance.
2. Applicants shall maintain their reclamation bond in effect during the course of the operations.
3. Applicants agree to abide by the submitted reclamation plan.

This decision may be appealed to the Duchesne County Commissioners by any aggrieved party provided such an appeal is filed with the county within thirty (30) days of the date of this letter.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Mike Hyde".

Mike Hyde, AICP
Community Development Administrator
